

Order Form

Software *PROFITank*

The Software *PROFITank*, based on the German *Calveta ACT*, is made exclusively for engineers and professionals, who should provide the necessary basic-knowledge for design and manufacturing flat-bottom plastic tanks.

1. We order the basic version of *PROFITank*, the calculation software for flat-bottom tanks, according to DVS 2205-2 at price of 2600,00 €

| | |
|-----|----|
| Yes | No |
|-----|----|

2. We order the earthquake tool for the static calculation of flat-bottom tanks under earthquake load at a price of 750,00 €

| | |
|-----|----|
| Yes | No |
|-----|----|

3. Furthermore, we enter into a maintenance contract which particularly contains a regular update according to the technical policy. The maintenance contract starts with the delivery of *PROFITank* and initially applies for 1 year. The maintenance contract extends automatically for another year if it is not cancelled in writing 3 months before the expiry of the validity period by one of the contract parties.
 - 3a. For the basic version of *PROFITank* at the annual price of 260,00 €

| | |
|-----|----|
| Yes | No |
|-----|----|
 - 3b. For the earthquake tool at the annual price of 75,00 €

| | |
|-----|----|
| Yes | No |
|-----|----|

4. We would like having a technical training
 Plaspittec offers a training in your premises or at Plaspittec's premises in Germany. Date and price by separate arrangement.

| | |
|-----|----|
| Yes | No |
|-----|----|

5. We are interested in an additional tool for the calculation of sloped-bottom plastic tanks and wish for further information on this topic.

| | |
|-----|----|
| Yes | No |
